Baseball.

At Zeila park last Sunday Jackson defeated Angels in by far the best played game of the season. Both teams played clean fast ball, and no run was scored till the last of the eighth inning when Jackson by a batting rally drove in two runs.

Angels came to bat in the ninth to do or die, and with two men out scored a run and with a man on third their chances of tying score looked bright. Merkel was pitching ball, however, and the best Angel's batter could do was a pop fly to third baseman, who gathered it in good style ending the game. Merkel struck out 11 men, at one time striking out three men in succession when the bases were full.

Rogel, for Angels, also pitched a fine game, holding Jackson's heavy hitters safe when a hit meant runs.

The umpiring was very satisfactory and there was an absence of wrangling in the game.

The crowd was well pleased and a return game between these teams will be welcomed.

Over Thirty-Five Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's colic, cholera and diarrhoea remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Jackson Drug Store, Spaguoli, prop.

For Goddess of Liberty.

The voting contest to determine the young lady who should represent the goddess of liberty in the fourth of July parade came to a close last Friday evening. Until a few hours from the closing time, there was no interest taken in the contest. In the last evening, however, the advocates of the rival contestants got a move on, and voting for a while was very spirited. There were three candidates voted for, namely, Miss Bertie Lucot, Miss Annie Dalporta and Miss Mamie Williams. Very few around town were aware that a contest was on. Had the fact been generally known there is no doubt a much larger vote would have been polled. As it was a total of 19780 votes were cast, the voting place being at Vela & Piccardo's store. Miss Lucot was declared the winner with 10215 votes. Miss Dalporta received 8800 and Miss Williams 765. The contest netted \$180 for the celebration fund, the votes being one cent each. The committee will allow \$25 for the costume, so that the net result is \$155 in aid of the finances of the celebration. It is the first time in many years that a voting contest on such a proposition has been successful.

Twenty-five Cents is the Price of Peace

The terrible, itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price 25 cents For sale by Jackson Drug Store, Spaguoli Prop.

Improving the Water System.

Mrs Richtmyer is making extensive improvements in the city water system. The old square tanks have been taken out. They were badly decayed and besides were too small for the service, being 24 feet square by seven feet deep. The new tanks are round, 24 feet in diameter, and ten feet deep, which will give a much greater storage capacity. The work has been under the supervision of V. S. Garbarini, and is nearing completion. The two tanks are connected, so that the water level is maintained the same in each at all times.

Taxpayers Notice

Timber land will be assessed at \$5 per acre.
Give in your assessment by June 1st, so I can close the rolls.
Road and poll taxes due. Delinquent July 1st, after which it will be \$3 each.

CLARENCE E. JARVIS,
Assessor

Order To-day!

We can save you from \$5.00 to \$10.00 on a suit or overcoat if you order now. We want to keep busy (between seasons) while others are dull.

Come in and inspect some of the most popular styles.

GEO. RAYMOND,
The London Tailor.

Another Pioneer Passes Away.

Fayette Mace, another of the pioneer citizens of the eastern section of the county, passed away at his home near Mount Echo on Monday morning last, after a brief illness of four days. He was around, and apparently in good health considering his advanced age, until a few days before he died. Very few outside of the members of his family were aware of his dangerous illness, and the news that he had passed to his rest came as a surprise on Monday morning.

Deceased was for many years engaged in the lumber business several miles above Pine Grove. Mace's saw mill was a landmark of days gone by, and did a thriving business for a number of years. Deceased with his family lived in the vicinity of the mill for many years. He also engaged in mining and cattle raising. About fifteen or twelve years ago he moved to the vicinity of Mount Echo, where he has resided ever since. Besides a widow, he leaves two sons, namely, Hale and Fayette Mace and one daughter, Mrs Yerrington, all of whom were present at the final scene and at the funeral.

He leaves a considerable estate, consisting of real estate in Jackson, and in the vicinity of Lone, also property in Pioneer district. The funeral was held on Wednesday under the auspices of the Masonic lodge of Jackson, of which he was a member.

If you have pains in the back, weak back, or any other indication of a weakened condition of the kidneys or bladder, you should get DeWitt's Kidney and Bladder Pills right away when you experience the least sign of kidney or bladder complaints, but be sure that you get DeWitt's Kidney and Bladder Pills. We know what they will do for you, and if you will send your name to E. C. DeWitt & Co., Chicago, you will receive a free trial box of these kidney and bladder pills. They are sold here by City Pharmacy, F. W. Ruhser, prop.

Full Program of Fourth Celebration.

Sunday July 4.
2:30 p. m.—Baseball game.
Jackson vs. Stockton.
Greased pig at Zeila Park before game.

The Fourth of July

The day of the **Big Celebration** of the Southern Mines in Jackson, is at hand and since we are now located in our new roomy store where we are able to accommodate our trade to satisfaction we have decided on, and with pleasure announce a reduction on most desirable goods for the occasion. We also wish to announce to the public at large that our

Shoe Department

will be the best, largest and best-equipped Shoe Department in Amador county for Ladies', Gent's and Children's shoes. We will spare no effort in obtaining the best money can buy for the benefit of our trade. Come and look over our line of shoes before buying elsewhere, and you will be convinced that you are in the right place where you can get all that you desire in shoes. **Comfort, Style and Good wear at Popular Prices.**

DRY GOODS

Our entire line of Fancy and White Lawns is reduced accordingly to **5, 7 1-2 8 1-3, 9, 12 1-2 and 15** cents per yard.

Pongees from 35c up.

A brand new line of white undershirts and corset covers just arrived, to be sold at popular prices.

CORSETS

We have just received a new line of R. G. Corsets, a larger assortment than ever, from 75c to \$5.00. We have all sizes and you can all be fitted.

Our line of **Ladies' Sleeveless Undervests** is now larger than any previous season. We also have Children's Sleeveless Undervests.

Talk about Gent's Furnishings!

We are now better equipped than ever before.

SUIT CASES

We have a swell assortment of leather and matting cases at popular prices.

A complete shoe department to fit every man, woman and child. Come and be fitted.

The RED FRONT JACKSON'S ONE-PRICE STORE.

MINING NOTES.

Original Amador.—The company operating this mine at Amador City are putting up a 20 stamp mill. The concrete foundation is being put in.

Keystone.—At this mine the new owners are making preparation to sink. They will concentrate their efforts for the time being upon this property, and there is every reason to believe that it will respond liberally to development work.

Express Line from Jackson to Lone

A young man named Fred Gorman has started opposition to Wells' Fargo & Co. between Jackson and Lone. He drives a two horse rig, exclusively for parcels. He started over a week ago, and is doing a good trade, yesterday morning, the business was so heavy that he left Jackson with three horses. He leaves here about eight o'clock, and arrives in the evening between 5 and 6. The exorbitant charges for express matter between Lone and Jackson has been the incentive to start this new enterprise. It is not infrequently the case that on a package from San Francisco to Jackson, the express charges amount to more than the original price of the article. On package of five or six pounds the charges run from 10 to 12 cents per pound,—which is a tariff for revenue, but not for protection. The new express line will surely result in a more reasonable schedule of rates.

Big Ice Plant.

The new ice plant of John Strohm of the Jackson brewery is running to its full capacity day and night. Its capacity is seven tons of ice per day, and the demand is equal to the supply. The machinery he has installed is capable of producing a much larger quantity, but more tanks would have to be put in. This may become necessary later on. It keeps two delivery wagons going to supply the customers. He sent two tons of ice to Lone one day this week, so that the order of shipments of ice has been reversed by the enlargement of the plant. Last summer carloads of ice were imported to meet the local demand; to-day Jackson is competing with points on the railroad for the ice business.

By paying all arrears, and \$3 in advance Ledger subscribers can get Ledger and daily Bulletin for one year.

Children Cry FOR FLETCHER'S CASTORIA

DOCUMENTS RECORDED.

(The following instruments have been filed for record in the recorder's office since our last report. We publish a complete list of documents recorded, and must decline to accede to any request to suppress any document from these columns. Don't task us to do so)

Deeds.—William Moon to Mary Moon, 160 acres in 15-6-11 and Red Cloud quartz claim in 34-6-11, love and affection.

William Moon to R. L. Moon, 160 acres in 15-6-11, love and affection.
C. E. Richards to John Zaro, part of lot 3 block 1, Sutter Creek, \$10.

Lorenzo Marre et ux to John Zaro et al, part of lot 3 block 1, Sutter Creek, \$1.

L. Poggi et al, Trustee to Excelsior Social and Literary Club, lot 13 block 13, Volcano, \$35.

Lorenzo J. Arata et al to Frank M. Cuneo et al, land in 16 and 17-6-12 and lot 22 in Clinton, \$900 payable in two years from May 27, 1909, with interest at the rate of 8 per cent per annum.

E. H. Schacht, administrator to C. Schriener, lot 9 block 2, Fiddletown, \$18.

U. S. to John Sanders, 160 acres in 32-3-11, as agricultural land.

U. S. to Conrad Schriener, 120 acres in 33-8-11 as agricultural land.

Cancellation of Mortgage.—Daneri to Tibbitts.

Mortgages—James H. Tibbitts et al to John J. Daneri, part of lot 36 block 22, Sutter Creek, \$328 payable in 90 days from April 14, 1909 with interest at the rate of 9 per cent per annum.

Savo Savich et ux to Vaske Krivokapich et al, lot 2 block 4, Jackson, \$785 payable one year with interest at the rate of five per cent per annum.

Isabelle De Lezh et al to Florence M. Bamert, 536.25 acres in 18-5-9, \$4500 payable in two years with interest at the rate of 6 per cent per annum.

Certificate of Redemption.—Jackson Dennis on lot 8 block 22, Sutter Creek, taxes of 1907, \$36.

I. K. Garrett on interest by mortgage on land in 3-7-10, taxes of 1896 and 1898, \$39.

Nathaniel Chapman on interest by mortgage on land in 4-7-10, taxes of 1895, \$15.23.

Decree—Decree in estate of Eliza Jane Mason filed.

Patent.—J. Post Turner as county judge to Conrad Schriener, lot 10 block 2, Fiddletown, \$20.88.

J. Post as county judge to Conrad Schriener, lot 30 block 11, Fiddletown \$61.

Decree of Distribution.—Decree in estate of G. H. Rinehart, deceased, filed.

Argeement—Frederick Questo agrees with Abbie Questo that all lands in 29-6-10 and 32-6-10 be assigned by the superior court to said grantee and other terms and conditions named, relative to the settlement of property rights between the above parties out of court.

A Close Call.

Jackson had a narrow escape Wednesday morning from a sweeping conflagration. It was at a time when owing to the improvements in progress at the head of the city water system, there was scarcely any pressure for fire purposes. Only about 20 pounds was registered on the Main street, against 80 pounds when a full head is on. Wednesday the blacksmith firm of Woodworth and Andriosevich, near Broadway bridge, were engaged in tire setting, using an outside furnace for this purpose. The heat is intense, and on this occasion it was strong enough to ignite the boards on the blacksmith shop, only a few feet away. It is a large frame building with a nest of other frame structures near by. Fortunately Mrs Harper noticed the fire as soon as the blaze started and gave the alarm. The application of a few buckets of water extinguished the flames. It was indeed lucky that the fire was seen just at the right moment. A minute later it would have gained a headway beyond control.

FOR SALE.

The J. C. Norris property at Buena Vista is for sale on easy terms on account of sickness. The property consists of 80 acres of good land with clear title, two dwelling houses, store building, dance-hall, barn and all necessary conveniences to do business.

For further particulars inquire of Mrs P. J. Norris, Buena Vista Ritchey P. O. Cal. J. E. 18 2. m

THE LEDOUX DECISION.

The decision of the supreme court in refusing a rehearing of the judgment of the appellate court in granting a new trial to Mrs Emma Ledoux is being generally commented upon throughout the state. Some critics are inclined to hold this decision up as affording another illustration of the tendency of the appellate courts to reverse the trial courts on technical grounds. It is contended that the verdict of the jury was set aside in this case on a bald technicality, namely because the jurors were summoned by a sheriff who was prejudiced against the defendant. The officer had taken a prominent part in hunting up evidence against the accused, and in doing so had become firmly convinced of her guilt. This is no doubt the case in nine out of every ten criminal trials. It is the business of a sheriff to ferret out crime, and use every legitimate means to make the evidence complete. The man must be something more than human who could pass through an ordeal of this kind and emerge without a strong impression being left upon his mind concerning the guilt or otherwise of the accused. Why, then, it may be asked should a bias against the defendant be made a ground of reversal, when the law imposes upon the sheriff the duty of gathering evidence.

The decision upsets the practice heretofore followed in nearly all the courts of the state. Still that in itself affords no reason why it should be continued if not founded on sound legal principles. The proposition that seems to be settled by this decision is that an officer who is prejudiced against a defendant should not be permitted to summon a special venire, where the selection of the individual jurors is largely under his control. In summoning the regular jurors, whose names are drawn from the list of jurors selected by the authorities, the sheriff has no discretionary power. But when the regular panel is exhausted, and he is directed to go into the body of the county and summon a certain number of talesmen, the personnel of the prospective jurors is entirely within his discretion. The supreme court says that this discretion must be exercised by one who is unprejudiced. The jurors are required to be without bias or prejudice, and by the same process of reasoning it would seem that the officer who is authorized to select talesmen should be in the same frame of mind. The decision will entail additional expenses in criminal trials, but nevertheless it is in accord with the law which guarantees a defendant a fair and impartial trial.

That Mrs Ledoux is guilty of this cold-blooded murder is almost universally conceded. It was established by the testimony beyond all reasonable doubt. She deserves punishment for her atrocious deed. While the outcome may be a failure of justice to reach the offender in this case, the surrender of a settled principle of law that requires twelve impartial men to pass upon the guilt or otherwise of a defendant, selected according to the requirements of law, was the vital proposition that the court had to pass upon.

SAN FRANCISCO VOTES AGAINST BONDS.

San Francisco defeated all the bonding propositions submitted last week, except the polytechnic school bonds, of \$600,000. The Geary street railroad bonds failed of a two-thirds vote by a narrow margin of less than 500 votes. This is the third time this proposition has been defeated at the polls. Some of the radical element are urging a resubmission of the question at an early date, indulging in the hope that it would carry if voted upon again. The cry of municipal ownership is very alluring to some people. It assumes this aspect when it is far off. In practice it is generally divested of its golden hue. It is safe to say that the supporters of the Geary street railroad bonds and the other schemes for plunging into debt, came mainly from the non-property owning class. Property-owners from motives of self-protection would naturally be inclined to fight shy of such ventures, in the existing condition of affairs in San Francisco. To the wise provision of law that requires a two-thirds vote to carry a bonding proposition San Francisco owes her salvation from an oppressive debt. There is nothing that steadies a man's judgment in matters of this kind like the actual ownership of property. And as a rule the level-headed, conservative class is dubbed silurian, non-progressive, and so forth by the carpet baggers, who are willing to vote for any and every scheme that aims to impose additional burdens upon property.

Do Your Clothes Fit?

Watch the men as they walk along the street, some catch your attention, some don't. It's all the way a suit fits. A well fitted garment always attracts attention. It isn't easy to fit a man, because most men are built differently. It takes skill to do it. When men's clothes don't fit the idea is conveyed that somebody is trying to save money in the wrong place. My clothes fit in every sense of the word. Talent is modied in every line. There is smartness, elegance and grace in every movement. A good suit is always an investment, not an expense. Try Wm. Ross, the tailor, Formerly Max Ladar's, Jackson, Cal.

County Assessor's Notice of State and Road Poll Tax Delinquencies

I will make out a delinquent list and endeavor to collect all unpaid state and road poll taxes. So kindly pay up your poll taxes before August 1st., otherwise I will have to collect the delinquent amount \$3 each.

CLEVER ART FORGERS

They Flood the Markets Abroad With Their Wares.

PARIS THE CLEARING HOUSE.

The French Capital is the Chief Mart For the Disposal of Imitation Antiques—Italy Leads in the Production of the Spurious Articles.

Italy has always been the classic soil for fabrications, but in some departments Holland and Paris run her close. Vienna has a specialty for rock crystal and thirteenth century gold work, Florence and Lucca for fourteenth century armor, London imitates the pate tendre of Sevres, Constantinople makes oriental weapons, Madrid Damascus swords, Dresden sculptured Ivories, Aix-la-Chapelle pewter plate, Berlin Roman potteries, Amsterdam wrought iron, Rotterdam Indian porcelains, Odessa tiaras and antique jewelry, while Paris is the chief mart and clearing house for all these products.

Italian bronze statuettes, now so much sought, are turned out with dexterity and taste in Tuscany. It is said that it was from one of these foundries there issued the group of virtue oppressing vice, assigned to Gian Bologna, which is now the choice treasure of a celebrated French collection. Switzerland makes a specialty of Louis XV. repousse work.

As for renaissance and mediaeval jewelry, hardly a bit is real except what is in museums. It is not to be bought. In the disturbed epochs that followed the renaissance precious stones were broken from their settings and sold to meet urgent needs. The same need for extreme diffidence applies to the pretty bibelots of the eighteenth century, watches, chate-laines, bonbonnieres. Of modern fabrication, too, is the enameled jewelry of the sixteenth century. Vienna turns it out to perfection. And so cunning are the makers that, for example, they take care that the ring on which a locket is suspended should show signs of friction, well aware that the buyer who thinks himself cute will look for this indication.

As for the peasant jewelry, now so much bought and sought in Florence on the old bridge and elsewhere, the genuine is long ago exhausted, for, after all, peasants own but a limited stock. It all consists of clever copies or more often tasteful combinations of old designs. The stones, too, despite their fine designations, are rarely anything else but those marvelously clever tinted rock crystals so ingeniously made in Switzerland and sold by the ton if desired.

Venice is the great depot for ebony inlaid with ivory, and cabinets incrust-ed with tortoise shell, once its glory and now in their decadence, are still the joy of traveling Americans on the lookout for bargains. Buy if the object pleases you, but do not when you pay your dollars imagine you are exchanging new lamps for old. As for old clocks, grandfather or other, there is not one genuine in a hundred. Ware ivories! They are generally bone or, worse still, celluloid aged by the help of tobacco or of that invaluable hand-maiden, licorice juice.

Nor does even glass defy the artificer. In the Museum of St. Germain can be seen Roman goblets, their out-sides incrustated with dirt, whose iridescence has been obtained by fish scales fixed upon their surface. Sometimes real bits of iridescent glass film are transferred upon a modern frame-work. Cologne turns out lacrymatory vases by the gross, not even troubling to copy the old shapes, but using the long narrow bottles in which cheap sweets are sold. These are buried in dung after being smeared with some concoction of which the secret is guarded, and in a little time they issue from retirement patinated and irides-cent. Old German and Bohemian glass is also excellently copied in Hamburg and Paris. Venice, too, has not forgotten its traditions and turns out its own old wares.

Sevres and Dresden innocently helped the counterfeiter by selling their not yet decorated pieces, if imperfect, for a trifle. On this genuine ground the forger worked with ease. This traffic has been stopped. Still the forger knows no obstacles or over-comes them, and false Sevres and Dresden are supplied by all dealers, and the purchaser rarely has the minute knowledge that will save him. In the eighteenth century oriental porcelains were openly made in England and Holland and sent to China for decoration, when they returned as real China porcelain, or the reverse process obtained. The porcelain was made in China and decorated in what was presumed to be the Chinese style in Europe. Paris at the present moment makes and exports old China porcel-ain, and many a tourist who buys a find at Hongkong or Shanghai merely brings back coals to Newcastle. Rhodian plates are made near Paris in absolute perfection. Except as a matter of sentiment there is no need to seek the old. Be cautious, too, in buying Greco-Roman pottery. It is mostly made at Naples.

Most of the genuine things were snapped up long ago or else are owned by museums or by the heirs of those for whom they were made and who do not need to part with them.—London National Review.

Time's Revenge.

"I wonder if everybody will have what he wants a hundred years from now."

"I doubt it. The men will then probably be actuating for the suffrage."—Louisville Courier-Journal.

Plymouth, Cal.

Has on hand a full line of Harness and Harless Fixtures, Saddles, Bridles and Robes. Buggies and Carriage tops made to order.

Also has on hand a line of that well known and thor-oughly tried BAKER & HAMILTON buggies.

Amador County

Descriptive Article

Amador county comprises an area of 548 square miles. It lies on the western slope of Sierra Nevada mountains, and embraces within its territory all the diversity of valley, foothill, and high mountainous lands.

Climate.—The climate of the populous portions of the county is as genial and healthful as can be found anywhere in California. As climate is one of the most valuable assets of this favored state in attracting population, Amador stands second to no county in this regard. It should, and no doubt will in time, when its climatic advantages are more thoroughly understood and appreciated, become a health resort not only for those in less favored states, but for the residents of other parts of California. The temperature alone the central portion rarely falls below 39 degrees above zero in winter, and as rarely rises to 100 degrees in the summer. Snow seldom falls in the settled districts, and never remains on the ground for more than a few hours. Of course, in the high mountain regions of eastern Amador the snowfall is very heavy—which is characteristic of the entire Sierra Nevada range. The summer season is always accompanied with cool nights; permitting of sound, refreshing slumber. Fogs are rare, cyclones are unknown, thunderstorms are infrequent.

Gold Mining.—The county, although rich in other sources of wealth, comparatively untouched, is noted principally for her quartz mines. The deepest gold mines in America are located here. The Kennedy mine is now taking gold in liberal quantities from quartz extracted from a depth of over 3000 feet below the surface, with every indication that the pay-ore extends to a much greater depth. Since the discovery of gold, the county has contributed fully \$100,000,000 to the world's supply of the precious metal. The mines are still yielding at the rate of about two million dollars annually. Nearly all of this wealth is produced by eight or ten mines operating on what is called the "mother lode," stretching clear across the county in a north-easterly direction a distance of twenty miles. The mines aggregate between 400 and 500 stamps, and furnish employment for over 1000 miners. This industry is still in its infancy. The unexplored territory, even along the main gold belt, is far in excess of the ground that has actually been worked or prospected. The county offers today one of the most inviting fields to be found anywhere in the world for the investment of capital in the fascinating business of gold mining, not alone along the mother lode, but also in the almost untouched mineralized country of the east belt, some ten or twelve miles from the main lode.

Besides gold, we have copper, deposits of pottery, coal, marble, slate, limestone, granite, and soapstone or talc—all undeveloped.

Agricultural Capabilities.—The agricultural possibilities equal, if not excel, the mineral riches. The valley lands will produce anything that can be grown in the most favored sections. In the foothill lands all kinds of deciduous fruits thrive; also all kinds of vegetable are raised where irrigation is practicable along the numerous water courses. Further up in the mountains, at an altitude of 2000 to 2500 feet, the soil is admirably adapted for apples and potatoes. A ready market for many times the quantity now raised of these commodities can be found in the various mining towns.

Grape culture and winemaking are becoming important industries, both the grapes and wine commanding a better price than the product of the lowland.

Land is cheap compared with other California lands. Improved farms may be secured for one-fourth the price current in some places. Unimproved lands can be had from \$5 to \$10 per acre. It does not require a fortune to buy a small ranch. There is room for a large addition to our agricultural population. Vast tracts now devoted to cattle ranges might be made the homes of hundreds of prosperous farmers.

Amador has a population of less than 12000. Three-fourths of this is concentrated in a strip of three miles above and below the mineral belt.

Jackson, the county seat, has about 2500 inhabitants, and is an incorporated city of the sixth class. Other towns are Sutter Creek, Amador City, Drytown, Plymouth, Volcano, Pine Grove and Oleta. Ione City is the metropolis of the valley section, a thriving town of 1000 inhabitants.

The community is law abiding. Educational facilities are excellent. A schoolhouse is within easy reach of nearly every family. There is one high school, located at Ione.

The assessment roll for 1907 is \$5,800,793, and the tax rate for both state and county purposes \$2 on the \$100.

The Southern Pacific has a branch railroad running to Ione. From this point the Ione and Eastern railroad extends 14 miles further to the mining section.

The various religious denominations and fraternal organizations are well represented.

The power plant of the Standard Electric Co.—one of the largest in the world—is located four miles from Jackson.

ITEMS WORTHY OF PERUSAL

French scientists have figured out that the average speed of a snail is a mile in 14 days.

The purest metal commercially made is lead. Many brands contain 99.95 or more per cent of the metal.

In Austria most of the schools are owned and operated by the state governments under the supervision of the federal minister of public instruction.

Maine, in proportion to its area, is the best supplied with surface water of any of the states. It has a square mile of water to every 14 square miles of land.

Near Kodarma, India, 250 miles from Calcutta, 700 hands are employed by an American company in operating a mica mine.

Over \$50,000 has been appropriated by the Brazilian government to fight the spread of tuberculosis in that country.

During the year 1908 more than 7,500,000,000 telephone messages were sent in the United States, the number of instruments in service having grown to exceed 7,000,000.

Birmingham, England, has the largest pin factory in the world. It turns out 37,000,000 pins a day.

At the close of 1908 New Zealand's population was estimated at 1,020,000, the death rate being 9.57 per thousand.

The oldest man in the world is said to be Jose Guadalupe Alefio, of Jalostitlan, state of Jalisco, Mexico. According to the church records he was born in 1770. He is now 139 years old and in good physical condition.

With the exception of Belgium, more bread is consumed per capita in France than in any other European country.

There are seven Smiths in congress—three in the senate and four in the house. Michigan furnishes two, Maryland, Texas, Iowa, California and South Carolina one each.

A prize of \$10,000 has been offered by the Mexican Academy of Science for a cure for typhus fever, a like prize for a serum that will kill the germ in the blood, while \$5,000 will be distributed among persons aiding in solving the problem.

The hottest place on earth is the Arabian desert between Oman and the Red sea. Scarcely any life is known to exist in the interior, and even on the coast temperatures have been recorded higher than any other place in the tropics.

More than 400 different colored dyes are produced from coal.

In the United States there is an average of one physician to each 709 persons.

Parliament has prohibited the sale of white phosphorous matches in Great Britain.

Ohio, Vermont and New York have led in the production of maple sugar continuously since 1850.

In Denmark there is a society established by Frau Wiehe Bereny which insures women. Women pay on a policy and if they marry before they are forty they are supposed to have had their money's worth, and the policy lapses. A woman unmarried after the age of forty receives an annual pension as long as she lives.

The glass can be restored to lincolum by washing it in a weak solution of glue and allowing it to dry thoroughly.

Alcohol is obtained from peat by treating the fiber with sulphuric acid and fermenting with a special yeast.

By a chemical process rubber is extracted from leaves in a rubber factory at Sourabaya, Dutch West Indies.

Silicoid and boride of titanium, products of the electric furnace, are said to be as hard as the diamond.

Although Swansea is in the heart of the anthracite district of Wales, there are no stores in which to burn the coal.

False teeth of ivory on a plate of the same material and held in place by gold wire, were in comparatively common use as early as 1000 B. C.

As the result of the demonstrated success of wireless telegraphy, the British admiralty has abolished the use of carrier pigeons.

A Scottish doctor declares that canned foods that contain two grains or more of tin per pound are potentially deleterious to health. Meat extracts and essences absorb tin more rapidly than other meat foods.

As the absorption of tin is continuous, special care should be exercised with foods that have been canned more than one year.

Public schools in Ecuador are held in houses which have no desks or other school furniture beyond a few rough benches or chairs.

The ivory nut, used by button manufacturers, is a species of palm which grows in Panama, Colombia, Ecuador and Peru, and is a profitable crop.

Russia's death rate is the highest in Europe—41 per thousand.

The Southern Pacific railroad con-

sumes 11,000,000 barrels of oil a year as fuel.

It is estimated that 1,500,000 persons visit New York every week.

One person out of every eighteen in New York carries life insurance.

For the manufacture of paper goods a hydro-electric plant costing \$10,000,000 will be built at Shizuoka in Japan.

Guayule, which up to a few years ago was considered worthless is now selling at \$100 per ton because of the rubber it contains.

Natives of Burma and some parts of India prepare tea in a peculiar way called "pickling." The leaves are boiled and pressed into bamboo tubes, which are buried in the ground.

In Abyssinia the wife is the head of the house.

Ancient Egyptians are credited with having invented the incubator.

Russia's population is increasing at the rate of 2,500,000 a year.

America sends about 1,000,000 tons of goods a year to the Far East.

A vein of lead and zinc ore has been discovered on the grounds of the School of Mines at Plattville, Wis., and will be opened up by the students.

Streets of Bogota, Colombia, are often allowed to remain dark because the water power is insufficient to apply the electric light power plant.

Near Tripoli (in Syria) there is an orchard whose history is definitely established by a trust deed, covering 490 trees, which was issued 459 years ago. The trees look old, but they bear fruit abundantly.

Only ten per cent of Japan's population is illiterate.

Muslin is being made from the fiber of the banana tree.

The northern most mill in America is a flour mill at Vermillion, 700 miles north of the Arctic circle.

In France, women cutters of precious stones receive about \$1.80 a day. Seamstresses are paid 60 cents a day. These are the highest wages paid women in France. It is said that 7,000,000 women in France, or one-half the total number in the country, earn their own living.

Help for Those Who Have Stomach Trouble

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Kolsom, Iowa. This medicine is for sale by Jackson Drug Store, Spagnoli, Prop. Samples free.

BIBLE STUDY CONTEST.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott for the International Newspaper Bible Study Club.

(Copyright, 1909, by Rev. T. S. Linscott, D.D.)

July 4th, 1909.

Paul's Second Missionary Journey.—Antioch to Philippi. Acts xv:36 to xvi:15.

Golden Text.—Come over into Macedonia and help us. Acts xvi:9.

Verse 36.—Is it generally necessary to follow up any good work which we have commenced if we would make it a success.

Verses 37-39.—Would it have been wiser if Barnabas had first consulted Paul in the matter of taking Mark.

Barnabas was a relative of Mark; are we as good judges of the fitness of our relatives for an office as we are of the fitness of others. Why.

Why is nepotism in government appointments looked upon with suspicion.

Had Paul, probably, good reason for objecting to taking John and Mark with them. (See Acts xiii:13.)

If a man shows lack of courage, or tact, or faithfulness, in one position, does that disqualify him in any measure, from getting another, or from success when in another position.

If both Paul and Barnabas had been duplicates of the man Jesus, would there have been this quarrel between them and how would the matter likely have been settled. (This question must be answered by members of the club.)

When two Christians fall out, is one or both always to be blamed.

Verses 40-41.—Did the dispute between these men work out for good, as it resulted in two missionary deputations instead of one.

By any process of reasoning can you conclude that God was back of this dispute, between these two godly men, so as to better work out his purposes.

Chap. xvi:13—Should ministers and other Christians, be on the lookout for young men who are fitted for the ministry, the same as business men are for good salesmen.

What can you say for, or against Paul circumcising Timothy, in view of the decision of the council at Jerusalem. (See Acts xv:1-29.)

In matters of habit, or ceremony, or non-essentials, is it well for us

to give way to the views of others, sinking our own preferences when we can accomplish good by so doing. For example, you may oppose wearing "pig-tails" in this country, with wisdom, and yet to refuse to wear one in China may be great folly.

Verses 4-5.—What were the "decrees" of the elders which were at Jerusalem," and are these binding upon the church today. (See Acts xv:28-29.)

Is a church better with or without an elaborate creed.

What did Jesus teach which is not included in righteousness, and the constant vision of God.

Will a church sound "in the faith," always be a magnet to draw others to it.

Verses 6-8.—Why did the Holy Spirit forbid them to preach in Asia and Bithynia, and would they have sinned had they done so.

When we are hindered providentially from doing certain good works, is that the Holy Spirit hindering us.

Verses 9-10.—How many methods does God adopt in leading us.

Does God in every emergency give us some sure guidance as to what we ought to do.

Was this vision just as clear a call from God, as though he had spoken personally.

Verses 11-12.—Does God direct the course of the Christian with absolute certainty, notwithstanding wind or sea.

Verse 13.—What is one of the first things an earnest Christian looks out for, when he moves into a new community.

Are women generally in the majority as earnest Christians.

Verse 14.—Are busy women generally more spiritual than those who have but little to do.

Should all girls be taught to earn their own living.

Is it easier for God to open the heart of an industrious person than that of an idler.

Verse 15.—If a person is inhospitable, or stingy, is that a sure sign of ungodliness.

Lesson for Sunday, July 11th, 1909. Paul's Second Missionary Journey.—The Philippian Jailor. Acts xvi:16-40.

ANSWERED THE LETTER.

The Way a Brooklyn Politician Once Won a Bet.

There is, or was a few years ago, a neatly framed letter hanging in the consulting room of a Brooklyn doctor which he found in his mail one winter morning. It ran as follows:

Princeton, Jan. 12, 1858.
Dear Sir—I cheerfully accede to your request and acknowledge the compliment paid to my wife and daughter by bestowing their names upon your own twin daughters, and I hope these children may be spared to be of constant comfort to their parents. Sincerely yours,
GROVER CLEVELAND.

The young doctor's brain whirled. Being a bachelor and having no acquaintance with the former president, he could not understand it at all.

The mystery was solved when a friend of the doctor's, a Brooklyn politician, met him. The politician had made a bet with a cynical acquaintance that any American statesman would personally reply to a courteous letter from the humblest of his countrymen. The cynic took him up and named Grover Cleveland. The terms of the bet were that the answer to a letter mailed on Jan. 3 must be received before Jan. 25. Signing the young doctor's name, the politician wrote of how his marriage had been blessed by twin daughters. Would it be asking too much for an autograph letter to frame which the sweet twins could look upon and read when they grew up and cherish ever afterward?

Mr. Cleveland courteously and promptly answered the letter, and the politician won his bet.—New York Tribune.

A Heroic Slave.

There was a humble slave in the palace of the Caliph Haroun al Raschid. The caliph had in his audience chamber twenty rare vases, and it was written in the laws of Bagdad that he who should have the misfortune to break one of these would pay the penalty with his life. This slave one day broke a vase. He was instantly seized, tried and condemned to death. But the caliph had no sooner pronounced sentence on him than the slave turned, and, walking calmly to the other nineteen vases, with one sweep of the arm destroyed them all.

"Wretch," the caliph thundered, "why have you done that barbarous deed?"

"To save the lives of nineteen of my fellow countrymen," the doomed slave replied.

A Night Rider's Raid

The worst night riders are calomel orotol oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing colds, headache, constipation, malaria. 25c at Spagnoli's Drug Store.

CORRECT SPELLING.

There Was a Time When It Was Not Considered Important.

The art of spelling words correctly is of comparatively recent repute. Time was when men and women did not care, but wrote ahead without regard to strict orthography. Mme. de Sevigne, for instance, never learned the proper way to write her name, while it was remarked by Mme. de Maintenon that at the College of St. Cyr much precious time was wasted in learning how to spell.

It remained, however, for the Empress Eugenie in 1868 at Compiègne to put to a practical test the spelling standard which obtained even among the highest literary authorities. Thus under the pretext of a theme proposed to them for an examination a number of French academicians took down from dictation a composition by Prosper Merimee. Not one "immortal" wrote without mistake.

As to the empress, she could not understand so many faults being made until it was conveyed to her that she herself from the same dictation was responsible for no less than ninety. The emperor, again, made sixty. It is but fair to add, however, that the dictation was compiled expressly with a view to focusing the difficulties not only of spelling, but grammar.—Harper's Weekly.

A Versatile Parisian.

A quaint Parisian character was Mlle. Montansier, an actress, who, while on the stage one night, heard Marie Antoinette say, "How good that cabbage soup they are eating smells!" The actress took a bowl round to the royal box and that night supped with Marie Antoinette, an honor to which the highest nobles in France dared not aspire, thence in due course becoming manager of the fetes at Versailles. Later she was a sort of queen of the Palais Royal and sent to the war a band of actors who performed farces between two battles. She obtained 8,000,000 francs from the revolutionary government, almost married Napoleon—or so Barras said—and had her last love affair when she was eighty-five. When she died she bequeathed all her creditors to the king of France.

Munich an Artistic Leader.

Munich is in great part a creation of the nineteenth century. Yet when one sees how artfully and lovingly she has woven the new about whatever remains of the old it is easy to understand why she has been Germany's artistic leader for the last hundred years and why such geniuses as Lenbach, Von Uhde, Schwanthaler, Orlandi di Lasso and Richard Strauss have felt at home there.—Robert Haven Schaulder in Century.

FROM OUR
CORRESPONDENTS

DEFENDER.

June 27—Fayette Mace was called to Ione Friday evening, on account of his father's illness.

Mrs Burbank has been sick for the last week, but was on the improve at last accounts.

Miss Nelly Hanley went home Friday night after school, and returned Monday morning in time to open her school at nine o'clock sharp.

Dan Nichols is working on the road at Cook's station.

Mrs Chas. Glenn and Henrietta Glenn made a flying trip to Jackson Thursday.

Dan Bowen and Inez Nichols were married last Wednesday at the home of the bride's parents, by Rev. Wm. Morley. Many presents were received as follows: Mrs Franklin, Mrs Cottrell and J. Bowen, set of silver tea spoons; Mr and Mrs Cottrell, a pair of lace window curtains; Mr and Mrs Davis, pair of pillow slips and \$2.50; Mr and Mrs Nichols, glass center set; Mr and Mrs Webster, lace bed set and pin cushion; Mr and Mrs H. Harker, glass berry set; Mr Mason, three shirt waists; Mrs Questo, lamp, Mary Nichols, bureau scarf. Mr and Mrs Bowen will make their home in Pine Grove.

Roy Werley is on the sick list.

Lee Nichols returned home from the Shingle mill Tuesday and went back to work again Thursday. The mill is about four miles above Ham station.

Misses Mable and Alberta McKean were visiting Mrs W. K. Webster Wednesday.

Violet Hamilton is visiting friends and relatives in Stockton.

Blue Bell.

June 27.—Mrs Westfall passed Defender on her way to her daughter, Mrs Will Marchand's home near West Point bridge, where the daughter has been seriously ill for some time.

Mrs Westfall's home is in Stockton.

Harvesting is nearly finished and the hay hauled into the barns.

A slight shock of earthquake was felt in the vicinity of Defender last Tuesday night at twenty minutes to 12 o'clock.

Mr and Mrs Charley Ludekens will leave Defender soon. They are thinking of going to Nevada. They have give up the boarding house.

Mr Ferrari passed here this week driving his cattle to his mountain range.

Services were held in the church Sunday. There was a good attendance. Laura Kimball was organist.

Everyone is anticipating a good time at the entertainment and picnic at Antelope district the 30th—the last day of school. They will serve ice cream and have a good time generally.

John Klamann is busy picking berries as they are getting ripe very fast. Every one is anxious to get berries to preserve for the winter.

Mr and Mrs Coleman have gone to house keeping since the boarding house closed.

Mollinos are up with the log team, to haul logs to Jackson.

Mrs Jewel's daughter, Mrs Freeman, came home to her mother, who has been ill for some time. Mrs Freeman is from the city.

Mrs Charley Stirnman is very ill, being confined to her bed for several days.

Rev. Morley will give the Defender people an oration on the 5th of July. Ice cream and cake and a general good time is expected. Busy Bee.

Sees Mother Grow Young

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health. They invigorate all vital organs, cure liver and kidney troubles, induce sleep, impart strength and appetite. Only 50c at Spagnoli's Drug Store.

IONE.

July 1.—The printing office and the property occupied by J. M. Haller, are wearing a new coat of paint and present a striking contrast to what they were after the fire.

The funeral of Mrs W. C. Dillian was held in Ione Monday evening, after the arrival of the train. Mrs Dillian was the wife of W. C. Dillian of our town, but for some time she has been suffering from an incurable disease, which necessitated her seeking other climates for her health. But in spite of all that loving hands could do she succumbed to the dreadful disease last Saturday morning in Santa Cruz. A large concourse of sorrowing friends followed the remains to their last resting place and the bereaved ones have the sympathy of all in the time of their

great trouble.

Miss Alice Witte and a cousin from Oakland have been visiting at the Scott and Maestretti homes this week.

T. H. Gartlin went to Sacramento this morning to be present at the closing exercises of St. Joseph's Academy, where his little girls are in attendance.

Mr Mace, an old and respected resident of this vicinity, died at his home in Mount Echo last Monday. The remains were brought to Jackson for burial Wednesday.

C. R. Ashton, who has been confined in a hospital in Sacramento for several weeks, returned home last night much improved in health.

Ioneite.

PLYMOUTH.

June 30.—Mrs Amy Phillips and sister, Della, of San Francisco, were summoned to the bed-side of their mother, Mrs Tom Bowden, who is quite ill at the Central hotel. Mr and Mrs Bowden had just arrived here a few days ago. Their son Leslie, is also here.

Sunday afternoon a game of baseball was played between Plymouth boys and Sutter Creek. The score stood 11 to 6 in favor of Plymouth. Plymouth intends playing a return game in Sutter July 11th.

Mrs Scherer is spending a few days with grandma Allison of Spring Valley.

Mrs Woods intends leaving for Sacramento Wednesday morning, as she has sold her home here. She will keep a lodging house in the city.

Mrs Speakman and little daughter, Blanche, arrived home to-day. She has been keeping house for her father, while they were harvesting, as her mother is still at the sanitarium.

Mrs Harmon and daughter Edith, were passengers on the incoming stage from Jackson Monday, enroute for Oleta, where they intend visiting Mrs Harmon's sister, Mrs Hite, of that town.

Miss Dalphine Culbert of Sacramento, came home on a short visit to her parents, Mr and Mrs Fred Culbert of this town.

James Levaggi, who has been going to school in San Francisco, came home last night to spend his vacation.

Messrs John and Elmer Sharp of Pigeon Creek, were the guests of their sister, Mrs Sam Kasper on Sunday last.

Wallace Potter of this town, went to Jackson Monday to spend the 4th of July.

Wild Roses.

Auto Stage Line.

An auto stage was started this morning between Jackson and Sacramento. Frank Atterberry is the proprietor. The time schedule is: Leaves Globe hotel, Jackson, 7 a. m.; arrives Sacramento, via Sutter Creek, Amador City, Drytown, Central House, Forest Home and Michigan Bar, 3 1/2 hours. Leaves Sacramento daily at 2 p. m. arrives in Jackson halfpast 5 p. m. The through fare is \$3. The auto left this morning with three passengers.

Hotel Arrivals

National: Thursday—D W Rathbone, Berkeley; P S Milchese, Tacoma; J A Carrell, Sacramento; J C Champion, Dunsmuir; J A Fisher, J L Hopkins, San Francisco; G M Voorheis, Stockton; B Williams, Pleasant Valley.

Saturday—W J Shirley and wife, Gus A Gray, Geo R Acker, Stockton; F P Curti, H E Sargent, Geo. Webb, Wm Cohen, San Francisco; C J Zimmermann, Ione; A C Murray, Stanford.

Sunday—E Champney, John F Davis, San Francisco; Bishop Moreland, Sacramento; W R Webster, Defender; J E Walton, Henry Myers, Plymouth; Geo Blair.

Monday—Fayette Mace, jr, Ione; W Y Showler, Sacramento; Geo B Heath, Fruitvale; G A Tubbs, Placer county; J Jacob, San Francisco.

Tuesday—M V Frank, Mr Rainford, A Davis, San Francisco; J H Creely, Oakland; Joseph Krauss, Arizona; Mose Fortner, Ione.

Wednesday—C T Perry, Helena; C E Beach, W F Dixon, Sacramento. Globe: Friday—W C Gilpin, J D Thompson, A M Johnson, Sacramento; D Aldrich, New York; Thomas Hudson, San Francisco.

Saturday—Chris Child, J Brien, Wallace; Wm Hanley, Nellie Hanley, New York Ranch; S Brown, Ione; Tom Hutchinson, C L Clark, San Francisco; Jas Schwartz, Harry Hazeltine, Sherman Schmidt, Rollie Raggio, S S Seaton, L Raggio, R M Dorris, Wm Canepa, H Bryer, H B Walsh, Mr and Mrs G H Buysch, Angela.

Sunday—John P Wellington, P Huges, Kathryn Yolo, Sacramento; F C Remking, Valley Springs; L D Noce, Clearview; Elizabeth Burke, Annie M Burke, Plymouth; O O Lee, Cincinnati; J B Kent, R Rego, Electric; J S Davis, Amador City; J Johnson, Stockton; C T Crail, Merced.

Monday—Fred C Martin, Sutter Creek; Ed. Brown, West Point; J P Jose, Sacramento; Lloyd Cooper, El Dorado.

Tuesday—R G Dexton, Auburn; J J Donally, B R White, Merced; R S Hawk, Fresno.

Wednesday—Dave Burk, El Dorado; J F Mesmore, Sacramento; James Hulme, Berkeley; Wm Martell, San Francisco; Miss Carry Fox, Galt.

Board of Education.

Following is a synopsis of the proceedings of the board of education at its late session lasting from June 5 to June 27.

W E Speer filed a sworn statement as follows:

W E Speer, being duly sworn, deposes and says: "That to the best of his knowledge and belief, one Nellie Hanley, who had issued to her a certificate to teach in the public school, and having acquired the same, through fraud by "copying," during the examination held before the board of education, and which said board subsequently granted to said Nellie Hanley a certificate entitling her to teach in said public schools hereby asks that said certificate be revoked upon the above mentioned ground of fraud. W E Speer.

It was moved and carried that the hearing be set for July 12, and that the party interested be notified to appear on said date.

The list of successful applicants for teachers' certificates was published last week.

The following were recommended for grammar school life diplomas: Rose M Lawlor, Louise V McLaughlin, Lillie E Williams, Josephine D Mooney.

A permanent certificate was issued to Sabra A. Greenhalgh. The grammar school certified issued on credentials to Elizabeth Spong, September 1, 1906, was cancelled on 30th of June 1909, because of unprofessional and immoral conduct passed upon by this board of education of Sacramento county.

The course of study was revised and adopted.

County Assessor's Notice.

Unpaid personal property taxes must be paid at once—otherwise said personal property will be seized and sold for taxes and costs of sale.

CLARENCE E. JARVIS, County assessor.

Eat What

You want of the food you need

Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it.

Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

AT CITY PHARMACY, JACKSON.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

LOCAL NEWS.

J. F. Wilson, Dentist. Hours 9 a. m. to 5 p. m. Phone—Office, black 444; residence, black 394; Jackson.

Mrs. Bogart, who formerly lived on the Alpi ranch near Scottsville, but now of San Francisco, is visiting Mrs. Burke at Scottsville.

Geo. Hamrick, one of the leasers on the Amador Queen mine, went to San Francisco last week with another lot of black metal rock to be reduced at the Selby works. He returned early this week. We have not heard how the ore panned out.

Electric garden hose out lasts any other make three to one, and cannot leak, kink or burst, for sale at Weller's Hardware Store.

Gilbert M. Voorheis was through here this week. He is the fiscal agent of the United Wireless Telegraph Company, and his mission was to place treasury stock at \$30 per share. This company is in control of the wireless telegraphic business of the United States, having bought out nearly all competing companies with their valuable patents. It is now said to be a solid paying business, but needs vast sums to extend its stations. It is claimed that in the course of a few years the wireless system will supersede other methods because of its being so much cheaper, and equally as reliable.

Dr. J. D. Fogarty, dentist, Jackson. Office in Kay's building, Main street. Hours from 9 a. m. till 5 p. m. Telephone, black 363.

Miss Rose Stasal returned home last week, after an absence of several weeks visit in San Francisco and other points.

Mrs. F. W. Parker and her daughter, Miss Laura, left Tuesday morning, for San Diego, on a visit to Mrs. Parker's mother. They expect to be away about six weeks.

Judge John F. Davis was up Monday, on business in the superior court in relation to the Whitmore estate.

For something new and up to date go to the Red Front.

A statement last week that P. Ferry, the Volcano stage driver, had made a wager in regard to carrying the iron tank from California hotel to the National and back was incorrect. Mr. Ferry says he was an on-looker, but was not in on the betting scheme.

Mrs. Rufus Morrow, who lives on the Hamilton tract, has been seriously sick for the past week. The latter part of last week she was engaged in picking some berries from a small patch she had planted. After doing so she went into the cellar, and contracted a cold. She has been confined to her bed most of the time since, unable to walk or use her arms to any extent. At last accounts she was much improved. The attending physician held out the hope that she will be herself again in a few days.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitter cured me."—J. H. Walker, Sunbury, Ohio.

Don't forget that a fine chicken dinner will be served at the Globe hotel on Sunday and Monday, July 4th and 5th.

A pine burr got jammed into the water pipe on Broadway some two weeks ago, shutting off the supply of water from the Mason-Webb tract until it was removed. It was some time before the point of the choke was discovered. Since the work of putting in the new tanks at the head of the pipe has commenced, the water has been drawn from the canal without screens, and hence the suction has drawn all kinds of foreign matter therein.

Our line of paints, varnishes, oils, window glass, etc., is complete, and includes the best known brands. Nothing cheap but the price, for sale at Weller's Hardware Store.

The board of supervisors will meet next Tuesday, July 6, on account of Monday being a public holiday. The matter of the Big Bar bridge purchase will then come up for settlement.

Alfonso Ginochio returned Saturday evening from Fresno, whither he was called on account of the death of a cousin.

New goods coming in daily, don't neglect to step in and look over our line, The Red Front.

The board of education completed its labors Wednesday. For several days the members were occupied with the revision of the course of study, and the school manual. The change effected by the last legislature in regard to the school course made this incumbent upon them. The school manual as revised has been ordered printed and will be sent to the respective school districts in time for the commencement of the next school term. Another meeting of the board of education will be held on July 12th for special business.

F. L. Laswell, son of W. D. Laswell, a Jackson raised boy, has rented Webb hall for the 4th and 5th of July, and will give exhibitions in slack wire rope walking, and other performance. He has been in Sacramento for the last two years, engaged in studying and practicing in this line, and has become quite an expert in this balancing act. He will have other attractions also to show on the days of the celebration. Admission 10 cents. Continuous performance.

A. Caminetti returned home early this week. He has been absent for several weeks, endeavoring to work up an interest in the democratic daily paper to be started in San Francisco. Caminetti is a rustler, and a hustler, but he has never before run up against a harder proposition than the placing of strict party paper on a solid financial basis. It is a task too heavy for any man, especially in the interest of the played out democratic party.

A line of sample waists in net and black silk, sizes 36, 38 only real bargains. The Red Front.

C. E. Jarvis, county assessor, is getting along nicely. He has not been in Jackson this week so far, but is gaining in health. It is expected that he will be here at the supervisors meeting next Tuesday, when the assessment roll for the current year will be turned over to the board.

A piece of rock struck Nick Dragovich in the left side of the back while working in the Argonaut mine Tuesday morning, cutting a gash several inches in length. He was treated by Dr. Sprague.

The concert by the Band of the Masonic Home will be given in Love's hall this evening. Reserved seats are now on sale at the City Pharmacy.

LOST.—From the stage, on the 7th of June between Jackson and Mokelumne Hill, a valise, containing papers of no value to any one except the owner. A reward of \$3 will be paid to any one leaving the same at the office of this paper.

A new line of waists just arrived and on display at The Red Front.

City Trustees.

Board met July 1; all present.

Claims against the city were ordered paid as follows:

Mrs C Richtmyer, water	\$18 12
H A Clark, team hire	29 25

Joe Vigna, watering trees	11 00
C Burke, rent of dump ground	30 00
Alex Ross, com. on poll tax	21 30
E V Zumbiel, com. on poll tax	12 00
W Going, janitor	5 00

Salary warrants were ordered as follows:

Geo M Huberty, marshal	\$75 00
Robt. C Bole, city attorney	25 00
J S Garbarini, fire chief	10 00
E S Petois, city sexton	50 00
C M Kelly, clerk	40 00

Bond of Mattly Bros. with J Chinn and H E Tallon, as sureties, filed and approved Ordinance No. 48, in relation to disestablishing city public library. Introduced by Geo. A Kirkwood and read.

Walter Taylor appeared before the board and asked to have an ordinance passed licensing automobiles. Referred to judiciary committee and city attorney.

Special permit was given to shoot fire crackers on Sunday from 6 to 12 a. m. and from 6 to 8 a m Monday from 6 to 9 p m.

Adjourned until Aug. 5.

Injunction Suit.

An injunction suit was commenced this morning by Richard Webb of the Amador Ledger, against C. L. Culbert, as city treasurer to enjoin the treasurer for payment of a certain bill allowed last night by the city trustees in favor of the Amador Dispatch for \$14 96 on city printing contract. The complaint alleges that W M Perry, one of the city trustees, is interested in said contract as proprietor and publisher of the Dispatch, and hence is barred from making any contract for city work. The injunction was issued, and matter will be decided by court.

The Masonic Home Band boys reached here this morning from Sutter Creek, where they gave a concert last night. Reserved seats must be secured for the concert to-night early, as the tickets will be taken from the drug store to the box office at 7:30 p. m.

During the pendency of the voting contest for prizes offered in these columns this week, all clubbing rates with other papers will be suspended.

Don't forget the concert by Masonic Home Boys' band, to-night in Love's hall, and dance afterward on open-air platform.

Mrs H Travena, who has been in feeble health, left yesterday morning for Pacific Grove, accompanied by her daughter, Mrs J. Ninnis.

R. I. Kerr has resigned his position in the bank of Amador county, to accept his former position as clerk at the Kennedy mine. Alex Ross, who has been clerk for several years, has taken a position as underground foreman in the mine. Both entered upon their new duties on the 1st instant.

The biggest clubbing offer ever made—Amador Ledger and Bulletin—leading evening paper of San Francisco, only \$3.

London Snowstorms.

The purifying effect of a snowstorm on city air was shown in London by experiments which demonstrated five times the amount of impurities on week days, when all the factories are active, as on Sundays. It was figured out that nevertheless a single Sunday snowstorm carried to the surface of the county of London 75 tons of dissolved solids, 142 tons of suspended matters, 100 tons of coal, 25 tons of salt and a ton of ammonia.—London Chronicle.

A Sudden Start.

"You used to go to school with Coppers, the new millionaire, didn't you?" "I did. Fact is, I gave him his first start in life." "How?" "With a bent pin."—Cleveland Plain Dealer.

On His Birthday.

He—The worst thing about me is my nose, I've got such a beastly one. She—You shouldn't say such things about a gift. He—A gift? I—ah—don't understand. She—Wasn't it a birthday present?—New York Journal.

Wherever we meet misery we owe pity.—Dryden.

Children Cry FOR FLETCHER'S CASTORIA

Lawrence Newman Operated Upon.

Lawrence Newman, deputy county clerk, who went to San Francisco several weeks ago, after a severe attack of epileptic fits, was operated upon last Monday morning at St. Luke's hospital. Dr. Moffitt was called into the case, and diagnosed it as caused by pressure of the skull upon a certain portion of the brain. His judgment was concurred in by Drs. Terry and Bush. So an operation was performed to relieve this pressure. The operation was entirely successful, and the patient is progressing as favorably as could be expected. Whether it will prove a complete cure of the fits remains to be seen.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. Cheney & Co., Toledo, O.
Sold by Druggists, 75c.
Hall's Family Pills are the best.

Bitten by Poisonous Insect.

Two or three weeks ago Mrs W. W. Stewart, who lives two miles this side of Pine Grove, was bitten while asleep by some insect, which caused swelling so pronounced that Dr. Endicott was called.

Mrs Stewart did not know what was the cause of the swelling, but the doctor at once diagnosed it as the effect of a bite. The back of the neck was the point of attack, although the swelling extended to other parts. There was nothing serious about it, and the swelling soon subsided. A couple of the biting bugs were captured, and forwarded by the physician to the entomologist of the state university at Berkeley for inspection. An answer was returned to the effect that the insects were commonly known as "kissing bugs." They are met with throughout the state, and while the bite is painful, there is little to give birth to alarm as to the consequences.

GOLDEN WEDDING.

The Ledger is in receipt of an invitation to attend the golden wedding of Dr. and Mrs E. S. Gabbs, which will take place at their residence 1540 Santa Clara avenue, Alameda, to-morrow afternoon. The Oakland Enquirer in announcing this interesting event publishes a portrait of the couple. Both are well known in this county, having lived in Sutter Creek for 25 years. The Enquirer gives the following sketch of the well known couple:

The couple were married in San Francisco, July 3, 1859, by the Rev. Mr Scott, then pastor of the Presbyterian church.

Mrs Gabbs is the eldest daughter of the late John Tregloan, one of Alameda's pioneers, who was a former Miss Hannah B. Tregloan. Dr. Gabbs is a native of Ohio. He came to California in 1854, and practiced dentistry. He took an active interest in the Nevada mines and is identified with the early history of that state. In Virginia City and the surrounding country, the doctor is as well-known as in California, having been identified with the mining in the Sagebrush state for a number of years. After returning to California Dr. Gabbs resumed the practice of his profession in Sutter Creek, remaining there for twenty-five years, and finally returned to his old home in Alameda.

Dr and Mrs Gabbs have two sons, both prominent in the affairs of the Golden State. The eldest of these, Dr. Milton F. Gabbs, is a dentist of high standing in San Francisco. The second son, John Lincoln Gabbs, is foreman of the engineering department of the Selby Reduction Works at Selby.

The best pills made are DeWitt's Little Early Risers, the famous little liver pills. They are small, gentle, pleasant, easy to take and act promptly. They are sold by City Pharmacy, F. W. Rubser, prop.

A marriage license was issued to Willie A. Boro, age 18, residing at Jackson, a native of California and Edna V. Palmer, aged 17 residing at Jackson and a native of California. The consent of the father in each case has been given.

Notice for Publication.—01998.

Department of the Interior, U. S. Land Office at Sacramento, Cal. June 16, 1909.

Notice is hereby given that George R. Fitzgerald of Volcano, Calif., who, on May 13, 1904, made H. E. No. 7693, for S¹/₂ of SW¹/₄ of E¹/₂ of NW¹/₄ of Section 22, Township 7 N., Range 12 E., Mount Diablo Meridian, has filed notice of intention to make final five year proof, to establish claim to the land above described, before the U. S. Commissioner for Amador county, Calif., at his office in Jackson, Cal., on the 21st day of July 1909.

Claimant names as witnesses: M. Robinson, David Robinson, George Miller and C. P. Jordan all of Volcano, Calif.

Not coal land.
JOHN F. ARSTRONG, Register.

Alcohol to Children

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely. Children do not need stimulating." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young. Follow his advice. He knows. J. C. Ayer Co., Lowell, Mass.

The first great rule of health—"Daily movement of the bowels." Ask your doctor if this is not so. Then ask him about Ayer's Pills. Sold for nearly sixty years.

SUPERIOR COURT PROCEEDINGS.

HON. F. V. WOOD, JUDGE.
New Cases.

Wm. Ross vs J. D. Mason—Set for trial September 1, jury waived by all parties.

E. Van Vranken vs. Robert Jameson—Motion to set aside for trial July 6.

E. V. Lonigo vs V. Privitali—Default of defendant entered; judgment for plaintiff for \$715.62 and costs.

People vs Agostino Borello—Certain corrections ordered to be made in defendants bill of exceptions on appeal to supreme court, and defendant allowed until July 3 to make such corrections.

Estate of David Grounds—Certain erroneous descriptions of real estate assigned to widow ordered corrected to conform to facts.

Estate of Eliza Ann Grounds—Certain erroneous descriptions in real estate sold to Mrs Wicks ordered amended to correspond to true description thereof.

Estate of Eliza Jane Mason—Order granted vesting title to real property in J. D. Mason.

Estate of Mary Rick—Final account settled, and decree of distribution granted. Amount in hands of administrator, after deducting \$3.50 for expenses, is \$1917.72, which is ordered distributed as follows: Catherine Moran \$1000, Moran \$100, Ellen Angter, \$25; the real property to Mary Cashel Whelan and Rose E. Whelan, minors, and the residue of personal property to Mary Moran.

Estate of Giovanni Lavezzo—Executor finally discharged.

Jane Perryman petitions for letters of administration. Deceased died April 2, 1890, leaving personal property valued at \$50, and real estate consisting of house and lot in Amador City, being portion of lot 18 block 3, valued at \$400. The heirs are petitioner, widow of deceased, and Henry P. Perryman of Sacramento, Emily Jane Gilchrist and John Perryman of Amador City and Annie Provis of Grass Valley, Cal.

W. J. McGee vs A. M. Bergerin et al—Set for trial July 13.

Frank Garibaldi et al vs John B Grillo, et al—Set for trial July 13.

C H McKenney vs M Levaggi—Demurrer sustained; plaintiff allowed 10 days in which to amend.

C H McKenney vs John Levaggi—Demurrer sustained; plaintiff allowed 10 days in which to amend.

Chas. Dufrene vs Allen Estate Co.—Motion made by defendant to dissolve injunction granted.

W J McGee vs Lincoln Gold M. Co.—Judgment for plaintiff.

Abbie Queso vs Frederick Queso—Interlocutory decree of divorce granted.

Allen vs Cuneo—Judgment by court in favor of plaintiff fixing damages at \$50 and defendant be required to remove encroachments within 60 days.

Estate of F M Whitmore, deceased, vs Jackson Lodge, I. O. O. F. No. 36—Trial had; stipulation that interest be charged for two and one-half years; findings waived. Decree entered as prayed for granting plaintiff judgment for \$1742.66 and costs. Stay of execution granted for 10 days.

Frederick Eudey vs Jackson Lodge I O O F No. 36—Trial had. By stipulation all former proceedings set aside; no interest above \$14.75 to be charged; judgment for plaintiff for \$823. Stay of execution for 10 days granted.

Matter of the application of George Pires—Writ of habeas corpus; continued until July 8.

Lost—Between Jackson and Sutter Creek last Saturday, an overcoat. Please return to Wm. J. McGee.

General Cosby Takes His Own Life.

Worn in body and mind by incurable bodily and mental infirmities which have made him an invalid for years former Adjutant General George B. Cosby, ended his own life by inhaling gas at the family residence on Fairmount avenue, Oakland, Tuesday morning, June 23. The aged man was insensible when discovered by members of the family. When the physician was summoned it was found that he had been dead an hour.

General Cosby has been a great sufferer since an attack of paralysis about ten years ago and during recent months the failure of his mental faculties has been rapid and marked.

Members of the family say that his sufferings and his weakening mind under the effects of the drugs prescribed to alleviate his pain had brought him to a state of irresponsibility.

General Cosby had one of the most stirring careers that has come to the lot of men of this time.

When the civil war broke out he resigned his commission and went with the confederate army, serving with Van Dorn, Simon Bolivar Buckner, Stoneman and others. At the battle of Fort Donaldson, general Cosby was chief of staff to general Buckner and carried the cartel of surrender to general Grant of the union forces. He afterwards served with Morgan, and after the death of the latter, when the famous cavalry command was divided, Basil Duke took part and general Cosby took the other, and the latter surrendered his remnant at the close of the war.

He came to California immediately after the war and was occupied as an army contractor and stage contractor for several years. He was appointed adjutant-general of the state by governor Stoneman and other positions filled by him were superintendent of construction of the federal building at Sacramento, receiver of the land office at that point and in 1886 he was appointed a member of the board of visitors to West Point.

For several years he has lived in the bay cities. A widow and five children survive, all of the latter being of mature years and none except an invalid son living with the father at the time of his death.—Oakland Enquirer.

General Cosby will be remembered by many in Amador county, he having had charge of the Indian reservation, some three miles north east of Jackson about fourteen years ago. Thereafter he was appointed receiver of the United States land office at Sacramento, which office he filled for four years, or until the change of administration, when he was succeeded by W. A. Newcum.—Ed Ledger.

Selby's shotgun shell direct from factory. For sale at Weller's Hardware Store.

W. S. Rainsford, father of R. S. Rainsford, superintendent of the Argonaut mine, arrived here from New York Tuesday. Both left Wednesday morning for New York. The latter is just recovering from a severe attack of typhoid fever, and goes to his old home in the east for change of air and climate, and to recuperate. He expects to return in about six weeks and resume his duties as superintendent.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist.

From Near-by Counties.

Two miners nearly met death by asphyxiation from powder smoke at the Penn copper mine last Saturday. It was only after the most vigorous efforts of Dr. March that the lives of the men were saved.—Citizen.

The series of camp meetings, which were held near Jenny Lind, by the Nazarene evangelists has resulted in the division of the South Methodist church. About sixteen of the members withdrawing from church and taking up the new faith. The Nazarenes will hold their service in Riverside school house, for the time being.—Prospect.

In the case of San Domingo Gold Mining Company vs. Grand Pacific Gold Mining Company which was recently decided in favor of the San Domingo Company by the district court of appeals of the third district an application for a rehearing was denied by the supreme court on the 18th of this month. This finally disposes of the case in favor of the San Domingo Company.—Prospect.

The company's boarding house at the copper mine is being enlarged and the lumber is being brought over from Valley Spring for two new dwelling houses to be put up by the Penn Chemical Company.

E. S. Warren reports the sale of the following property: The Chas. Slough five acre place in Castro Valley to L. J. Glavinovich, formerly a resident of Jackson, Amador county. He expects to build a pleasant cottage on the ranch and move there with his family very shortly.—Haywards Review.

H. H. Pollard and son, well known mining men and capitalists of Bay City, Michigan, have bonded the Baltic group of mining claims on Baltic creek in El Dorado county and will immediately undertake extensive development work upon them. They left Placerville Friday to visit the property, which lies on the same mineral belt as the Mt. Pleasant and other famous gold producers south-east of this city. The Baltic group is between Grizzly Flats and Sly Park, and the property has long been recognized as one of the most attractive in the county for practical mining men with large means.—Republican.

While attending to his duties as superintendent of the Park canal,

Harry Williams had a little experience on Monday which he does not care to have repeated. He was on Clear Creek, near Pleasant Valley, and in passing around a large tree which had blown down during the winter months, he came suddenly upon a large mountain lion lying in the sun. The animal discovered him about the same time that Mr Williams discovered the lion. He stopped, while the huge beast sat up on its haunches, eyed him in an inquiring way, uttering a loud growl. The lion slipped quietly into the brush, stopping occasionally to see if the man was following or making any suspicious demonstrations. Mr Williams was glad to see the beast go, and proceeded on his way with alacrity as soon as the animal was out of sight. Some months ago a lion was killed near where this one was seen, and that section of the county seems to be one of their favorite haunts.—Republican.

The farmers of Penn Valley, Nevada county, have found a way to prevent the members of the Grass Valley Sportsmen's Club making a shooting ground of their farms, by simply entering into an ironclad agreement not to allow any shooting in the valley for a period of three years. The valley as hitherto been the favorite shooting grounds for the Grass Valley sportsmen during the open season for wild doves, the latter being always plentiful there. The farmers have united to shut out the sportsmen in retaliation for the recent arrest of two of their number and the imposition of a heavy fine for the shooting of two doves out of season. The arrests were made at the instigation of the Grass Valley Sportsmen's Club which has been active in the framing of the present stringent game laws which practically converts all the farms in the state into a game preserve for the almost exclusive benefit of a class of gentry of ample means and leisure. By their action the Penn Valley farmers have taught the clubmen a wholesome lesson, and if the example they have set were followed by farmers, vineyardists and orchardists throughout the state it would go far toward breaking up the present wild game monopoly.—Oakland Tribune.

children as policemen, which accounts for this state of affairs.

The use of blank cartridge pistols this fourth of July is absolutely forbidden by the chief of police. There will be arrests made in any case where a violation of this order is discovered. The serious fourth of July accidents, the kind which result in lockjaw and carry off numbers of children, are principally caused by these blank cartridges.—Bee.

It is reported that our city trustees have decided to suspend the ordinance prohibiting fireworks and bombs being set off in the street on the fourth of July celebration. It is beyond question that the ordinance was passed for the very purpose of stopping the dangerous practice in vogue on the anniversary of independence day. The above extract shows how the law will be strictly carried out in Sacramento. The same demand for its strict enforcement exists here as in the capital city. The trustees have no authority to suspend an ordinance at pleasure. They are not empowered to make and unmake laws by simple resolution. They can repeal an ordinance by passing an ordinance to that effect, but in no other way. And notwithstanding any resolution to the contrary, the officers have full power to see that the ordinance is complied with, and to make arrest for its violation. If any destruction of property arises because of an official laxity in this matter, who would be responsible for damages—the city or the officials charged with the enforcement of law?

Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's colic, cholera and diarrhea remedy which cured him and believe that saved his life.—William H. Stroiling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Jackson Drug Store, Spagnoli, prop.

On a Visit East.

Mrs J. W. Caldwell and Mrs R. C. Bole left Saturday morning for a seven weeks' trip to the east. By way of the Santa Fe route they will proceed to the home of Mrs Bole in Hutchinson, south western Kansas. From there they will go to Chicago, and visit relatives of Mrs Caldwell in that city, and other parts of Illinois. They will return together by way of the Denver and Rio Grande road.

Pioneer flour is the best; have no other.

THE COMING FOURTH.

A Big Time Looked For.

From all the preparations in progress, it is evident that the coming celebration is expected to outclass anything heretofore witnessed in that line in Amador county. More money has been gathered in for the event, and the preparations have been on a more lavish and elaborate scale than ever before known. Business houses commenced to decorate early in the week. The committee has also done considerable in this line. The Broadway and north Main street bridges, are canopied with the national colors. The dancing platform is amply dressed in appropriate bunting. Along Main street the illumination by electric lights will far exceed all former occasions. Glowing lamps will be strung at intervals along the business street. At the junction of Court and Main streets a huge sign bearing the word "Welcome" has been suspended. At night time this sign will be illuminated with over 130 incandescent lamps, spelling the word "Welcome" from both north and south side.

The procession on Monday promises to be something extraordinary. Sightseers should not miss the pageant, which will take place at 9:30 in the morning.

A big crowd is looked for, and will no doubt be here. As this is the only celebration in the county, and as far as Angels in Calaveras county on the south, and Placerville to the north. Many visitors by train from valley counties are expected to favor Jackson with their presence on this birthday of American independence.

Life 100,000 Years Ago

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. To-day the danger, as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been, for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure sore lungs, colds, obstinate coughs, and prevent pneumonia, it's the best medicine on earth. 50c and \$1. Guaranteed by Spagnoli's Drug Store. Trial bottle free.

MANNING THE STATIONS.

Discipline Aboard Ship at Sea in Times of Emergency.

At no time is the perfect organization aboard ship so well illustrated as in the time of an emergency. The slightest scent of danger in the wind must find every man ready. And every man is ready. Every man has a number. Every man has a station. A bell tap may send your dining room steward off at a run just when he is serving your soup. At the bell tap he is no longer your steward. He is "No. 78" in the ship's emergency organization, and when he gets to his station he finds Nos. 54, 45, 236, 117, 248 and some others there to act with him like a machine. Aboard a big ship there are sometimes as many as sixty stations about the vessel, and at the sound of an alarm bell thirty seconds have not elapsed before every man has responded to his number at his station and is ready to act, to fight fire, to man the lifeboats, or what not.

Up in the wheelhouse is further exemplification of what system will do. Within reach of the officers are a dozen contrivances of machinery that connect with every part of the ship. A touch of one lever closes a bulkhead in this or that compartment of the hold, a touch of another mans all emergency stations, a lever here mans lifeboat so-and-so, and a lever there mans any one or all. Here is a telephone, its wires extending to every part of the ship, and an officer's voice carried to a distance station in the bowels of the ship is so magnified by mechanical means that it can be heard twenty feet from the receiver and fairly bellows its orders.

A sailor or steward never knows at what minute, day or night, he may be called to his station. At the sound of the signal bell he must be at his post. There is a drill of some kind every day aboard ship, but the men never know whether they are running to a real fire or only a drill. Boats are uncovered, falls overhauled, davits swung out. Every boat must have its compass, night signals, fresh water and provisions ready for immediate action. From the chart room the captain can start a squad in the most remote part of the ship simply by pressing a button, and the flashing of tiny electric lights faithfully record how every detail of the drill is being carried out. A chart gives the location of all bulkheads, and a tiny light sparkles when this or that water tight compartment is closed. In case of a collision every bulkhead below the water line is closed by a turn of a lever in the wheelhouse, making the modern ship practically unsinkable.—Van Vliet Adling in Book-keeper.

What Did He Mean?

"Yes; I believe that every intelligent woman should have a vote."
"But, senator, I understand that you were opposed to women's suffrage?"
"I am."—Judge.

Tortured on a Horse

"For ten years I couldn't ride a horse without being in torture from piles," writes L. S. Napier, of Rugless, Ky. "when all doctors and other remedies failed, Bucklen's Arnica Salve cured me." Infalible for piles, burns, scalds, cuts, boils, fever-sores, eczema, salt rheum, corns, etc. Guaranteed by Jackson Drug Store, Spagnoli, prop.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Jackson Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys. Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Jackson. Follow the advice of a Jackson citizen and be cured yourself.

Ben Gilbert, miner, of Jackson, Cal., says: "I used Doan's Kidney Pills and they proved of great benefit to me. I suffered from backache for a long time and the trouble gradually grew worse in spite of the different remedies I tried. I got so bad that I could not do my work and at night was so tired and played out that I was unable to sleep. A friend finally advised me to try Doan's Kidney Pills a trial and I procured a box at the City Pharmacy. I felt their good effect immediately and I continued taking them until I was cured. Whenever I feel any symptom of kidney complaint returning, I use Doan's Kidney Pills and they give satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ARAGO'S NOSE.

It Was Enormous in Size, but It Was Safely Anchored.

Emmanuel Arago, the French politician, was a nephew of the noted astronomer and was considered a handsome man, although his nose was extremely conspicuous. At one time he was traveling by train to Versailles when a child who was in the same car and who had watched Arago for some time with dilated eyes began to cry. In vain did the child's mother endeavor to calm the perturbed juvenile. The poor mother was in despair, and as the shrieks grew more and more piercing Arago felt bound to interfere and see what he could do. He said to the child:

"What ails you, my dear?"

Thus addressed, the child sobbed out, "Take off your nose."

Arago looked at the mother, who grew very confused and said:

"Ah, monsieur, excuse me—excuse my son."

"But, madame," said Arago, "what does he mean?"

The mother then explained that she had during the carnival taken her child to see a number of persons in masks and with false noses and he had become so excited that he could think of nothing else.

"By an unfortunate occurrence," she added, "we got into the same carriage as you, who no doubt for some good reason are prolonging the carnival. But you see what a deplorable result has followed. Let me then beg of you to have pity on a poor mother and take off your nose."

"But, madame," said Arago, stupefied.

"A little more and my child will have convulsions," shrieked the mother. "Take off your false nose."

"But, madame," said Arago in despair, "that is impossible. This is not a false nose, but my own!"

"Impossible, impossible!" cried the agonized lady.

"Touch it," said Arago.

The lady gave a pull at Arago's nose, but it did not come off in her hand, as she had expected.

"A thousand pardons," she said, "but pray—oh, pray, hide it with your hat."

So Arago continued his journey with his nose in his hat, and the child's screams gradually subsided. Arago himself used to tell the story with much glee.

ROLE OF THE COCOANUT.

The Staff of Life to the Natives of Sea Washed Island.

It is more than a coincidence that the tree which furnishes a greater amount of available material to man than any other in the vast kingdom of vegetables is the first to spring up on the bare rocks of the newly arisen coral reef. The coconut, so formed that it may have floated halfway across the Pacific, is thus universally distributed throughout tropical islands.

It thrives best near the sea, seldom penetrating far into the interior. Its hard shell is a coat of mail for the embryo plant, enabling it to stand hard usage for a protracted period and locking up securely the precious life in miniature.

The fibrous husk which envelops it and is seldom seen on the market on account of the greatly increased bulk breaks the jar which would be inevitable should the hard nut fall unprotected from the tall tree to the ground sixty or ninety feet below.

Such a blow would scarcely fail to break the shell, occasioning the loss of the nourishing milk so necessary to the germ. The outer husk not only breaks the jar of a fall, but buoys it up on the water, while the tough outer cuticle is waterproof.

Thus is the tree which offers to man almost in the raw state all his necessities freely scattered where the warm seas and their borders offer a footing, and from it the humble native secures sugar, milk, butter, wine, vinegar, oil, candles, soap, cups, ladles, cordage, matting, thatch for roof and material for raiment, combining food, clothing and shelter in a single gift, continually making waste places habitable.—New Age.

There is no greater grief than in misery to turn our thoughts back to happier times.—Dante.

SCIENTIFIC MISCELLANY

Reported weekly for the Ledger.

Anti-Burglar Curtains.—A Sixth Sense in the Snake's Tongue.—Heat Engines Worked by Rubber.—Country Air for Cities.—Nitrogen-Collecting Hairs.—The Earth's Dancing Pole.—Malsine—Searchlight Study of Clouds—Hard Saws.

The simple burglar alarm that has been under test by the police authorities in Dresden and Berlin seems to have resisted all attempts to pass without giving warning. It consists of a curtain or portiere, wired with fine conductors connected at certain places across the door or window, or around the safe, the slightest disturbance throws the knobs out of contact and breaks the electric circuit. The alarm may be signalled by a series of bells, lights or other electrical appliances, either on the premises or a the police station. Cutting the material or interfering with it in the slightest degree has instant effect, and the wildest burglar is unable to enter the premises having this apparently trifling protection without giving notice.

That the snake has a sixth sense, by which it finds its mate in the woods and unerringly trails its prey, is the belief of G. R. O'Reilly, for 33 years a special student of snakes. The seat of this sense of direction is supposed to be the curious forked tongue, which can have none of the uses to which the tongue is usually applied, but as a feeler and more, and is incessantly darting about as the snake travels. A lizard was seen to come from beneath a house in the woods, take a zigzag course, and disappear under a box ten feet away. Two minutes later a black snake appeared, passed over the lizard's exact course, keeping the tongue constantly seeking the trail, and, darting under the box, quickly emerged with the lizard in its jaws. Many other observations seem to prove that the tip of the tongue is the guide.

Rubber is strongly contracted by heating, and Prof. S. P. Thompson suggests that it would be possible to construct a heat engine to be driven by the contraction of rubber instead of the expansion of water or air.

In the development of cities, lines of pipes have been extended to long distances to bring in sufficient water, and now it seems probable that cities may find it necessary to pump in air or otherwise provide artificially for an adequate supply of oxygen. Dr. H. Henriot of Paris concludes that it is the difference in the atmosphere that gives the country dweller physical superiority over the resident in the city. His experiments have shown that the carbon dioxide is constantly greater in the city air than in the air of the country or the sea, and that in a large city, especially if in a valley, the air is stirred by the winds, but is not renewed as fast as it is polluted. The air of the country and the sea always possesses strongly oxidizing properties. The air of the city, on the other hand, exerts a deoxidizing action, and the effect of the polluted vapor is felt in many ways—in stunted growth, nervous disorders, and even in defective vision.

An expected revolution in agriculture has been based on the discovery, long ago made by Hellriegel, that the root nodules of leguminous and some other plants absorb nitrogen directly from the air. Another natural method of fixing atmospheric nitrogen has now been pointed out by Jamieson, a British experimenter, who has found that the hairs covering many plants absorb nitrogen, convert it into albumen, and then wither and become absorbed into the plant. On a series of sections, treated with stains acting on albumen, the microscope traced very clearly the migration of the nitrogen taken up. Experiments on various trees in Hungary confirm the discovery and indicate that this way of plant feeding is very general.

The South Magnetic Pole is described by Prof. David of Sydney University, a member of the Shackleton expedition, as a point that travels around with a kind of waltzing movement in a circular area 30 miles in diameter, and changes its exact position from day to day and hour to hour. It was observed with a Lloyd-Creek-Dip-Circle, which has magnetic needles that tilt more and more nearly to vertical as the Pole is approached. The ordinary compass was used also in the observations, but refused to act when near the pole.

The gluten lately obtained from corn flour, differing from wheat gluten in its solubility in amylic and other alcohols, has been named "malsine" by Donard and Labbe, who have been investigating. The material is now being made in France as a by-product of the corn industry.

About 13 per cent of malsine is obtained by drying the corn flour, freeing it from fatty matter with benzine, dissolving out the gluten with amylic alcohol, precipitating with benzene, and collecting on a filter. The woolly precipitate is dried in a vacuum. The new material is found to be valuable as a plastic substance, with camphor or without, can be used as a food product, and can be employed as 20 to 75 per cent of celluloid, which is thus cheapened and made less combustible. It can be treated with alkalies, like caseine, yielding glue and sizing. In the corn industry, the starch and oil have been utilized, and the malsine can be obtained from the albuminous matter hitherto wasted.

Measurements of the height of clouds were continued in 1908 by the Vienna Astronomical Observatory, by the plan of directing a search light vertically upward and observing the angular elevation of the illuminated patch of sky from a fixed base station. The results for 50 evenings have been recently published. Light was frequently reflected from a greater height than 6 miles, and on May 31 the illumination could be traced up to 10.6 miles, and up to 10 miles on July 27. On two occasions the dust or smoke layer was found to have a depth of about 1,000 and 400 feet respectively.

American saws of vanadium steel are claimed by J. N. Flannery to cut as many as 400 steel axes without attention, while the best imported saws needed grinding after cutting 80 axes. The best steel for metal cutting seems to be that containing—vanadium, 0.32 per cent; tungsten, 17.81 per cent; chromium, 5.92 per cent; carbon, 0.682 per cent; manganese, 0.07 per cent; silicon, 0.043 per cent. In the test made, vanadium

steel saws intended for wood-cutting are reported to have sawed through iron pipe an inch in diameter, without injury to the teeth.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

A Vile Performance.

A novelty in the shape of an actophone exhibition was announced in flaring posters to take place in Love's hall. This is a moving picture show, accompanied by imitations of the human voice. It is a mimic drama where everything is present except the human beings and their voices.

It had never been witnessed in Jackson, and so drew a good sized house. The show, however, turned out to be a bit of the worst kind. The pictures were vile, and indecent. Everybody present was disgusted with the whole thing. Many would have left the hall, if they could have done so without attracting attention. All in all, it was voted the most vulgar exhibition staged in this town for a long time. Such a moving picture show would not be tolerated in the large cities, where the pictures are subjected to a strict censorship. They are sent off into the country places, where no supervision of such matters is practiced. The authorities ought to suppress them whenever and wherever they appear, because of their debasing and immoral tendency.

Now Is The Time

to make up your mind to have that "Photo" taken. Don't put it off any longer—you'll never be any younger or look any better than you do right now. Call at Logan's 15 S. San Joaquin Street, the next time you are in Stockton, and let him fix you up. Then you can agreeably surprise your friends by giving them a likeness of yourself. Best workmanship—lowest cost.

By paying all arrears, and \$3 in advance Ledger subscribers can get Ledger and daily Bulletin for one year.

Died in New Zealand.

A letter from Mrs. Kemp in New Zealand received by Chas. Oliver of this city, states that Samuel Kemp, who with his wife and son, Robert, left here about two years ago, died in Christchurch, Canterbury province, New Zealand, on the 15th of April last. He was between 70 and 80 years of age. For a number of years he lived on Broadway, and worked at his business of shoe repairing. He had formerly lived in New Zealand, and his health being poor he longed to get back to the south land, believing that it would improve his health. He and his family became comfortably settled in their new home, but the health of Mr Kemp improved only temporarily, incident to the change of air and climate.

Four years' subscription	15000	7000	8.00
Five years' subscription	20000	10000	10.00

New subscribers are those who were not taking this paper July 2, 1909. Contest opens July 2, 1909. Contest closes Aug. 12, 1909.

Winners to be selected by Popular Vote.

The Contest Manager will give \$5 to the person nominating the winner of the Piano,

NOMINATION COUPON, 5000 votes.

Enter your name or that of a friend.

Nomination Coupons are good for 5000 votes, when properly filled out for any one candidate whose name appears thereon.
Contest Department.

I hereby nominate as a candidate in the Amador Ledger Grand Prize Contest:

Mrs or Miss.....

Address.....

Nominated by.....

District No.....

VOTE FOR YOUR FAVORITE.

Any person may vote for the lady he or she desires by clipping out and sending in coupons from The Amador Ledger paying a subscription to this paper. For voting power of subscriptions and contest rules read the Amador Ledger.

Eligible to enter—Any lady, young or old, married or single.

Address all communications, subscriptions and inquiries relating to contest to "Contest Manager," Amador Ledger, Jackson, Cal.

LEDGER'S BIG VOTING CONTEST
Grand Piano and 6 Free Trips to Successful Candidates

\$800 to be Given Away

Formal announcement is made today of the Grand Prize and popular contest to be conducted by The Amador Ledger, and which will be open to energetic and ambitious ladies of Amador county.

Prizes amounting in value to eight hundred dollars are to be awarded by this paper, and these prizes are well worth the efforts needed to secure them.

Just a word as to what this contest is, lest some might say that it was one of the something ideas for nothing.

The object of the Ledger is to advertise itself and be introduced into new homes, that all may know it as the leading paper of this county.

GRAND CAPITAL PRIZE.

First as a grand capital prize, is a superb Kimball piano valued at \$800 and purchased from the firm of Miller's Music Co., the largest dealers in pianos and organs on the Pacific coast.

The Kimball is an instrument of ideal qualities, and is a favorite with musicians all over the country. It has an exceedingly full, round tone, and the case is designed along the lines of refined elegance.

This piano will be awarded to the candidate who has the highest number of votes, regardless of districts.

The contestant winning the piano cannot participate in the distribution of any of the trips, the contestant standing next to her will be entitled to the first district trip and the one standing the next highest will be entitled to the second district prize.

This provision is made so that a candidate cannot win more than one prize.

DISTRICT PRIZES.

To the candidates standing highest in the different districts after the grand prize has been awarded there will be awarded trips to the Portola Celebration in San Francisco for one week.

This trip will be made without expense to the winners. The Ledger shouldering all the expense.

One of the greatest celebrations in the history of California will take place during Portola week. Preparations have been under way for months and even now things are just beginning to take shape. Warships representing every nation on earth will take part in this unique celebration, monster parades representing every phase of California history will be held every day and night of the week. Monster mask balls and confetti battles will be in progress at all times of day or night, and it is safe to assume that the ladies who take this trip at the expense of the Ledger will have the time of their lives. And the beauty of it all is that some one else will pay the bills, and all that is necessary for them to do is to enjoy themselves to the fullest extent.

Those of the candidates who stand

highest in the different districts after the Portola trips have been awarded will be given a weeks stay at beautiful Santa Cruz, where this beautiful city will be open to you and where one always returns after the first visit. Every lady knows the value of these trips especially in the month of August.

These prizes are all well worth putting forth great efforts to win, and it is a certainty that there will be something doing among candidates and their friends from the moment the announcement of candidates is made, which will be in the next issue of this paper.

HOW TO SECURE VOTES.

There are two ways of securing votes. There will be a vote coupon in the issue of the Ledger, beginning in next issue and continuing until the close of the contest, good for 10 votes, but the much better and quicker way of securing votes is by securing subscriptions to the Ledger from your friends and neighbors.

For instance, any one who pays for this paper one year in advance is entitled to 3000 votes if a new subscriber and 1000 if an old subscriber, and this person may give these votes to any candidate he may select.

The full schedule of votes will be found on another page of this issue. In the half page add will be found a nomination coupon good for 5000 votes when properly filled out and brought or sent to this office. Votes will be given on all cash brought or sent in on subscriptions, whether the subscriptions are new or old in arrears or in advance, although a new subscription counts for a great many more votes than an old subscription.

ENTER YOUR NAME EARLY.

Active voting will commence in this great contest on Saturday, July 3rd, 1909. Start the good work today. See your friends, announce your candidacy among them, and fill out a nomination blank at once. The contest will extend only over a few short weeks, and if you want to be among the winners you cannot afford to wait very long.

A good start will work wonders. If you are not in a position to enter the contest yourself enter the name of your wife, sweetheart, mother, sister, or friend as the case may be, in this contest.

She may win the piano and you will be the one to receive the \$5, that the contest manager is giving to the one who nominates the winner of the piano. And then again she may win a trip to San Francisco or Santa Cruz.

Enter your name early and your friends will do the rest. You will never know who your real friends are until you have entered a contest of this kind.

You may think of a friend who will only need a little encouragement to win the piano. Enter her name by means of the nomination blank and then do your best to help her win. Other friends will see her name and before long your favorite will be in the lead. Do some one this favor.

The names of the candidates will appear in the next issue of this paper and each week from then until the close of the contest, with their vote

standing, so that all who take an interest in "contest doings" may know how their favorite in the race stands.

EVERY CENT MUST REPRESENT A SUBSCRIPTION.

No employe of this paper may enter this contest. Candidates are not confined to their own districts in securing votes. Votes will be allowed on subscriptions secured anywhere in the wide world.

Full details of this offer, giving the field to be covered by the districts, and the prizes to be awarded in each district appears on another page of this issue.

After having read this over see the Contest Manager at the office of The Ledger, and if you do not fully understand the proposition he will give all the details. If you are interested in the contest come in and get acquainted, any how.

All inquiries addressed to W. F. Dixon, CONTEST MANAGER, THE AMADOR LEDGER, JACKSON, CAL. will receive prompt attention. The next time you are in town come to the Ledger office and let the contest Manager explain how easy it is to win one of these valuable prizes.

Get DeWitt's Carbolicized Witch Hazel Salve when you ask for it. There are a great many imitations, but there is just one original. This salve is good for anything where a salve is needed to be used, but it is especially good for piles. Sold by City Pharmacy, F. W. Kuhser, prop.

Rent will be charged on idle meters, and after 60 days they will be removed without notice. B. E. Letang.

Chamber of Commerce.

A meeting of the directors of the chamber of commerce was held Monday evening; all present except H. N. Mason.

Committee on stationery wished further time in which to submit designs.

A communication from the California Promotion Committee was read noting progress of chamber of commerce, and wishing opportunity to co-operate and that the local chamber will have some literature printed, and send a liberal supply.

Remarks were made by C. L. Culbert on sprinkling county roads and room for improvement.

A committee to be appointed at next meeting touching upon the subject of good roads, educational facilities and other subjects.

Bill of printing dodgers \$2, ordered paid.

Membership 109.

New members were received as follows:

Amador Lumber Co., G. M. Waechter, J. Chichizola, C. E. Parker, E. V. Zumbiel, Henry Weil, C. B. Arditto, G. L. Thomas. Adjourned to meet July 8.

Bowen-Nichols Wedding.

On Wednesday morning June 23rd, at eleven o'clock there was a pretty wedding at the mountain home of Mr and Mrs Wes Nichols, when their daughter Inez became the bride of Dan Bowen, of Pine Grove. The impressive ceremony being performed by the Rev. Wilson Morley, in the presence of a number of relatives and intimate friends.

The bride was exceedingly pretty and dainty in a costume of soft white silk, while the groom wore the conventional black.

A breakfast followed the ceremony, and while the company feasted and toasted there was much merriment, and the wishes for the future happiness of this popular young couple were legion.

After a short visit with relatives, Mr and Mrs Bowen will take up their residence at the home of the groom near Pine Grove, and their many friends in this little town extend them a most cordial welcome.

Unclaimed Letters.

Thomas W. Bearce, Ettore Scatini, Campbell Swift (2), Mrs Kate Swift, Robert Wilson, Marke Vujovich (2).
